Telegraph Cipher or Cable Code for Weights

The telegraphic word for weights should always precede the cipher word for seeds. Please tell us in first word of telegram, how shipment is to be made "MAIL, EXPRESS or FREIGHT—thus "MAIL DACE CALM DAD CAMP," would read—"Mail at once three pounds Early Jersey Wakefield Cabbage Four pounds Large late Drumhead cabbage. EXPRESS DAINTY LABAN FREIGHT DECOY BALL, would mean Express at once ten pounds Early Curled Simpson Lettuce Freight Six hundred pounds Burpee's Stringless Green Pod Beans.

Our customers will find this an inexpensive and quick way to secure seeds, when in a hurry. We cannot however hold ourselves responsible for any errors arising from incomplete messages or incorrect translation.

IMPORTANT This telegraphic cipher must be used ONLY on orders by telegraph or cable and never in written orders sent by mail.
